A THOUGHT

Forbearing one another, and forgiving one another, if any man have a quarrel against any.—Colossians 3:13.

WE may, if we choose, make the worst of one another. Every one has his weak points; every one has his faults; we may make the worst of these; we may fix our attention constantly upon these. But we may also make the best of one another. We may forgive, even as we hope to be forgiven.—A. P. Stanley

One firm of oil operators here for drilling work is said to have a record of never putting down a dry hole and thus far never having made an unfortunate oil field investment. Here's hoping that this remarkable record is not shattered here in Morgan county.

Militia companies are being withdrawn from certain railroad shop or terminal points with the statement that no further funds are available for the payment of militiamen. If the services of these men are really still needed, it is the duty of the state of Illinois to find a way to provide for the pay roll—and it can be done.

If any one doubted the revival of the interest in the old time county fair, a visit to the fair grounds yesterday would have dispelled the doubt. The grand stand was filled to overflowing and in fact, all the ground available was packed with people, while parking spaces outside the grounds were occupied fully an

eight if a mile in each direction. Both the desire of the people to have "something to do" and the genuine interest there is in farm affairs contribute to this fact. There is no doubt either, that the race course and the speed events was a magnet with the strongest pulling power.

The question of the relationship between capital and labor should have nothing to do with the Herrin inquiry. That was just a question of the enforcement of law and the punishment of crime. The employer and employee have the same position before the law.

The national federation of clerks of the post office department has suggested that former Postmaster General Hayes act as mediator between the organization and the first assistant postmaster general in certain differences that have arisen. This suggestion is quite a compliment to Mr. Hayes, indicating that the "era of good feeling" he started in the post office department had a real existence.

The situation over in Quincy is in decided contrast to that here in Jacksonville. In Quincy the board of local improvement is openly charged with favoritism in the awarding of paving contracts and with gross carelessness as to the interests of the people. Quincy newspapers team with "communications" on this subject, with insinuations that the improvement program is not on the square.

WAITS IN THE JUNGLE

(By N. E. A.)

In Malay jungles, Explorer Carveth Wells found a native who had trained a monkey to climb trees and pick coconuts.

Are we not overlooking a great bet in the labor possibilities of the monkey tribe?

Of all animals that have been domesticated to do man's work, the monkey has the greatest possibilities—both in strength and intelligence. The horse, for instance, is a weakling alongside a gorilla.

As for intelligence, the monkey's possibilities will be recognized by any one who remembers

BERTON BRALEY'S DAILY POEM

Why?

By Berton Braley

THEY tell me you're a wise guy, who
Can dope out any line of stuff,
An' so I'll spill my tale to you,
An' say, old scout, it's all enough.
I banked my wad upon the Yanks,
All I had saved, an' all I'm gittin',
The team is playin' pretty, thanks,
But tell me why the Babe ain't hittin'?

THERE'S lots of things I'd like to learn,
Like this here Einstein Theory,
And when the world is gonna turn
Back to a state of Normalcy;
But just now all I want to know,
Of all things that's done or written,
Is only this—please put me Joe,
Why ain't the old Bambino hittin'?

HE used to boost 'em long an' high,
He used to wham 'em for a gool,
But now he hits 'em for a pop-up fly
Or simply whiffs 'em as a rule;
It's got my goat, I'm off my feed,
I've been a fan, but I'll be quittin',
Unless the Babe gets back his speed;
Aw, tell me, Doc, why ain't he hittin'?

(Copyright, 1922, NEA Service)

Consul, the famous chimpanzee in vaudeville.

A good foreman could keep a crew of monkeys working quite efficiently at such tasks as piling cordwood, moving pig iron or unloading coal.

It's all a matter of training. The monkey, with his super-instinct of imitation, is notorious for mimicking anything he sees a man do.

No doubt monkeys could be trained to write editorials, sit in Congress and help direct the movies.

Naturally, the suggestion sounds a trifle ridiculous. But the monkey as a worker seems no more impossible than the wild horse must have seemed to primitive man when he began taming it to become a beast of burden.

The probability also exists, that monkey's intelligence could be highly increased by artificially stimulating their endocrine glands. An idiotic cretin, by judiciously administered thyroid extract, can be converted into a being of normal intelligence. Why isn't it possible to do the same with monkeys?

Wild and bizarre as the suggestion may seem, it is entirely possible that glandular research in the next 10 years will open the way to tripling or quadrupling

monkey intelligence. By breeding and training a few million apes or gorillas, man might shift from his shoulders part of his heavy labor burden.

One of these days, at any rate, the gland doctors—instead of concentrating on trying to rejuvenate broken-down old men—are going to see what they can do toward humanizing the monkey. The result may be startling.

PAYING FOR THE COAL STRIKE

Secretary Honnold of the Illinois Coal Operators' association estimates that the coal strike has cost the residents of this state upward of \$100,000,000. He figures the loss in wages to the striking miners at \$28,310,000, the loss to the mining companies thru the idleness of their property at \$25,000,000, and the loss to the public thru higher prices and freight rates on coal that should have been mined in Illinois but was hauled in from other states—at \$30,000,000.

No careful estimate has been presented of the cost of the strike to the entire nation, but guesses by coal producers range from \$500,000,000 upward.

Consumers must bear in mind, however, that the strike loss actually is all theirs. For the miners by the steady work which they are now assured during the fall and winter will make up for the wages they might have earned by broken-time employment thru the spring and summer, while the mine operators will sell coal at higher prices and in full quantities thru intensive effort at the mines. Meanwhile higher prices of coal to consumers and the increased cost of manufactured articles, into which are figured the higher prices of the manufacturers' fuel, will make the public the actual sufferers. As Dr. Honnold says, it is the people of this country who lost the strike.

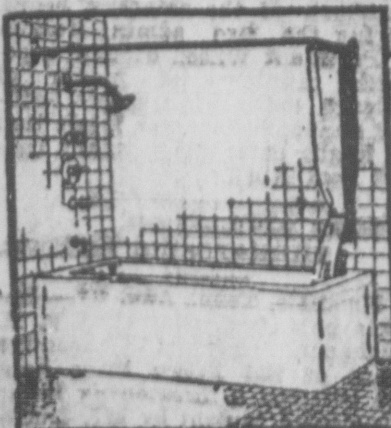

Similar strike losses by the public in the future can and must be prevented. The price of coal to the consumer can be reduced to a reasonable level if the recent proposals of President Harding to congress are carried out. His fact-finding commission should be authorized by congress without delay. Its members should be men capable of outlining such a thorough reorganization of the coal industry must undergo if the public is ever again to be treated fairly in the matter of fuel supplies and prices. The high-cost mines opened up during the war should be closed; the superfluous miners should be established advantageously in other industries; labor-saving, cost-reducing machinery should be introduced in all mines where it is possible advantageously to employ such machinery, and open competition should be restored in the coal markets.

When these changes are effected and not before can there be freedom from strikes, reasonable profits for coal producers, steady work at good wages for miners and an assurance of plenty of fuel at honest prices for the public.

It is estimated that from 40 to 50 per cent of the striking miners were employed on farms or in other useful service while the strike lasted. Now that a scarcity of labor in various industries is reported it is reasonable to think that the great surplus of mine workers that already exists and the further great surplus that would be created by the economical mining of coal by machinery readily would be absorbed in the general industrial activity of the country. With these notable reductions in expense the price of coal would materially decrease the consumption would increase because of the resulting stimulation to industry. Failure to bring about these benefits thru appropriate governmental action inevitably would be followed on April 1 next by another stubborn coal strike. The vicious circle must be broken. The existing conditions in the coal-mining industry are intolerable and must be remedied.—(From the Chicago Daily News.)

SOY BEANS ARE

IN GOOD DEMAND
Disposition of the county's soy bean crop which has been somewhat bothersome appears to be satisfactorily settled with the advent of a visit Thursday to County Farm Advisor Kendall by A. W. Beemer, representing the A. E. Staley Mfg. Co., Decatur, Ill. The outcome of the visit is the fact that Mr. Beemer's company is in the market for the local soy bean crop and prepared to handle it as soon as made ready.

Mr. Beemer states that his company has erected a large plant for the production of soy bean oil and cake and has a storage capacity of about 200,000 bushels. This plant will be operated in conjunction with the Staley starch and glucose works. Soy bean raisers can obtain all necessary details relative to shipping and prices from Mr. Kendall at the Farm Bureau office in this city.

FILM COMPANY REPRESENTATIVE VISITOR IN CITY
Miss Florence Patke, Illinois manager of the Mid-States Film Distributing company of St. Louis, spent Thursday in Jacksonville in the interest of her company. In the afternoon Miss Patke was the guest of G. M. Luttrell and Thomas Buckthorpe, Jr., at the Morgan county fair. Miss Patke expressed astonishment at the size of the fair and its comprehensive scope, stating that it truly reflected great credit upon the enterprise of our people and those in charge of the fair. She said that she had visited many fairs, in fact making a point to do so wherever possible believing that it added her in her work, but had never visited a county fair which offered the people such splendid and varied entertainment.

Herman Pelker and son John north of Mercedosa, were arrivals in the city yesterday.

IMPRESSIVE FUNERAL HELD AT WINCHESTER

Late M. B. Edmondson Laid to Rest Thursday Afternoon in Winchester Cemetery—Other News Notes from Scott County

Winchester, Aug. 31.—The funeral of the late Milton B. Edmondson was held at 2 o'clock Thursday afternoon from the Baptist church. The large auditorium was filled with relatives and friends of the deceased, who was well known in this community, his former home. The opening number was a duet, "No Shadows Yonder," by Mr. and Mrs. S. Smith, with Mrs. J. W. Eckman as accompanist.

There was a prayer by Rev. W. R. Johnson, followed by an obituary sketch and prayer by Rev. W. B. Breach of Danville, a former pastor of the deceased. Next S. G. Smith sang as a solo, "Trusting."

The sermon was by Rev. Mr. Breach, who closed with a solo. Then Mr. and Mrs. Smith sang as a duet number, "My Father Knows." The long cortege moved to Winchester cemetery, where the body was laid to rest.

The active pall bearers were Albert Hainsfurther, Edward Smith, Boone Martin, Sim Smithson, William Redshaw, and Dr. B. F. Webster. The honorary bearers were William Frost, George McLaughlin, Oscar Young, James Wilson, James Collins, Sam Peak, all of Winchester; Mr. Suttles, Mr. Adair, Mr. Massey, D. W. Sargent, W. B. Cully, Bert Huss, Frank Bag, Edward Cully, all of Clayton; George Argo, Frank Lemon, Charles C. Cline, A. J. Gahagan, all of Clinton.

Others here from out of town were C. H. Gibson, Mrs. Florence Montgomery, Mrs. Cully, Mrs. Hatch, all of Clayton; Mrs. Briggs and mother, William Briggs and wife, Auburn; Mrs. J. W. Lewis and son, Sand Hope; R. L. Davis and wife, White Hall; William Shibe, Boone Martin and family, Jacksonville.

The flowers were very beautiful and were cared for by Mrs. B. F. Webster, Mrs. William Redshaw, Mrs. W. L. Bagshaw, Mrs. Boone Martin, Jacksonville; Mrs. Sim Smithson, and Misses Cully, all of Clayton; Miss Alice Mutch, Winchester.

Interment was in Winchester cemetery.

FIFTY NINE BABIES SCORED THURSDAY

Close Records Will Mean Some Re-Examinations—Personnel of Award Committee Announced.

Thursday was another successful day in the Better Babies conference. Fifty-nine babies were scored during the day, bringing the total for the week up to 149. It is expected that about fifty will be examined today. In the scoring work some very high records have been made, and it is known now that before some of the awards can be made that re-examinations must be held by a special group of physicians.

Dr. Brokaw made known yesterday that the committee on awards includes Dr. W. P. Duncan, president, Morgan County Medical society; Dr. A. B. Applebee of the Dental society; Dr. David Reed, Dr. A. L. Adams, Dr. C. E. Black, Dr. Josephine Milligan and Dr. F. A. Norris. The awards are to be made on an entirely scientific basis, in accordance with established rules. The physicians will have no knowledge of the identity of the children but will base their findings simply upon the facts of the examination as recorded.

In the work yesterday Dr. David Reid had associated with him Dr. R. R. Jones of Woodson; Dr. G. R. Bradley, Dr. W. P. Duncan, Dr. G. E. Baxter and Dr. T. O. Hardesty. The dental examinations were conducted by Dr. A. B. Applebee.

Dr. C. S. Nelson of the state department of health continued his work, as will be true again today.

Additional helpers were Mrs. Margaret Williamson, Miss Lorraine Dewese and Miss Greta Gill of Beardsdon. Hugh Wilson was in charge of transportation.

It was made known yesterday that Dr. Isaac Rawlings, head of the department of health, has been compelled to cancel the plans for his visit to the conference because of the pressure of work in his office.

REFUSES TO COMMENT ON BANKRUPTCY RUMOR

Hibbing, Minn., Aug. 31.—With Mayor John Cannon on his honeymoon, municipal officials today refused to comment on the report filed by a director of the Hibbing Commercial Club yesterday that the "rich village" was nearing a state of bankruptcy.

The report filed recommended a sharp curbing of expenditures might prevent financial embarrassment.

CLUBS AND SOCIETY

Missionary Society Will Meet Today

The regular meeting of the Missionary society of Central Christian church will be held at 2:45 o'clock this afternoon in the room of the church. Mrs. Ida Kitter will be the leader of the afternoon. The subject will be "Applied Christianity—or the Missionaries at Work in China." Leaflets will be read by Mrs. George Harney and Mrs. Clarence Rice, and the latter will also conduct the map study.

It is hoped that there will be a large attendance of the members this afternoon.

Birthday Dinner At Wade Home

A birthday dinner was given at the home of Mr. and Mrs. Otto Wade, 400 East Lafayette avenue recently, in honor of E. A. Daniel, Mrs. Wade's father, and her grandfather, J. J. Lacey. All came with well filled baskets and spent the day very pleasantly, and left with the hope that they might all gather again next year on a similar occasion.

Those present were Mr. and Mrs. Lee Brainer and son Porter, Lee; Mr. and Mrs. Sam Boaman and son Merle and daughter Helen; Mr. and Mrs. Frank Boatman and family; Mr. and Mrs. James Daniels and son Robert; Mr. and Mrs. Theodore Lacey and family; Hugh Lacey, J. J. Lacey, E. A. Daniel; Billy Daniel, Theodore Daniel; Mr. and Mrs. Oliver Laurie and family; Mrs. Mary Boatman, John Boatman, Stella Boatman, Ollie Daniel, Marie Daniel, Mr. and Mrs. William Prindle and son, Billy; Aileen Scott, Louise Arnold, Mr. and Mrs. Otto Wade and daughter June Marie, Wade and Edna Daniel, Leta Allred, Dorothy Woods, Arthur McDaniels, James Cully.

MURRAYVILLE

Murrayville, Ill., Aug. 30.—Funeral of Mary F. Sample was held from Youngblood church at 11 o'clock Monday, Rev. William R. Johnson officiating. Music was furnished by sisters and brothers of the Rebekah lodge of which she was a member. A number of the ladies attended in a body acting as an escort.

The flowers were cared for by Mesdames Anna McNeeley, Morna Fanning, Annie Fanning and Nellie Fanning.

Pallbearers were Leonard Dalton, Warren Fanning, Charles Henry, Lon McNeeley, J. M. McNeeley and Robert Fanning. Interment was made in Youngblood cemetery.

An extra gang of foreigners have been working on the railroad near here for the past few days.

C. T. Daniel and wife have returned home from their vacation.

J. E. Thompson and W. B. Rimby were called to Jacksonville early Saturday morning to bring the body of Mary F. Sample to her home south of Nortonville. She was taken to Passavant hospital July 4th, and after arriving there had her arm broken. Having tuberculosis of the bone her broken limb would not knit together again.

Many from Murrayville attended the Nortonville picnic Saturday afternoon.

1943 to 1946	\$2,708,917,911
Totals	\$3,845,659,481

This total is exclusive of any appropriations that would be made under the \$350,000,000 land reclamation provision but under that provision the government finally would recover those costs. The total of the certificate plan is placed at \$3,364,909,481, farm and home aid \$412,425,000; vocational training \$52,325,000 and cash payments to veterans receiving \$50 or less \$16,000,000.

HAD TWO NARROW ESCAPES FROM INJURY

Miss Alice N. Smith of the faculty at the state school for the blind, returned to the city yesterday after an eight weeks' sojourn at Chautauqua, N. Y. On the return trip Miss Smith had two narrow escapes from injury. She was on board the New York Central train which was wrecked in Indiana, but fortunately escaped without injury. She was also one of the passengers on the Chicago and Alton train which ran into an open switch just this side of Bloomington Wednesday night, a serious wreck being avoided only by the quick action of the engineer.

Electric Vacuum Cleaner
The World's Greatest Cleaner
A Few of the Points of Superiority

- It eliminates hand labor with the ineffective, insanitary broom.
- It cleans floors, carpets, rugs and upholstery mechanically.
- It cleans by the use of air, one of the best cleaning agents.
- Large volumes of air moving at great speed are forced through the fabric carrying the dirt and dust into a bag. It gets all the dirt.
- It gets none of the nap or fabric.
- It is easy to handle. It is simple to operate. It saves much labor. It saves much time.
- It is durable and free from mechanical troubles.
- It is economical from every angle.
- It is the most effective way to clean yet devised.
- It is welcomed by all domestic employees.

Study the picture of the Eureka Vacuum Cleaner in use and note how simply and easily it is operated. A delicate woman can move it about over the carpets or rugs with one hand without the slightest exertion. The secret of its simple control lies in the fact that the handle fits in the hollow of your hand—with the control switch always directly under your thumb.

FINAL DAY AT MORGAN COUNTY FAIR

Interesting events will begin early this morning at the Morgan County Fair. At 9:30 o'clock competition will begin for the prizes offered for the best draft team hitched to a wagon. Interest also attaches to the showing of draft mares three years old and under four. At 11 o'clock a showing will be made of grade draft mares four years old and upward. At 11:30 o'clock fillies two years and under four of the grade, draft type will have their inning.
No animal or article on exhibition can be removed from the grounds before five o'clock this afternoon, so that visitors to the fair are certain to find its attractions unimpaired.

The grand parade or prize winning animals will be one of the big features of the afternoon. The facts about the details of the race card appear elsewhere, and with the track in splendid condition it is very certain that interest in the races will be fully maintained.
The special vaudeville features will be repeated, including the high dives and balloon ascension by Dare Devil Chandler. Yesterday afternoon the aeronaut was a little late in getting started but a successful ascension was made.

VALUABLE FRUIT GOING TO WASTE

CHICAGO, Aug. 20.—With the trees in the lower Michigan fruit belt loaded to the ground with a record breaking crop, commission merchants declared today that hundreds of thousands of dollars worth of perishable farm products were going to waste.

Peaches were rotting on the ground, while in Chicago they were selling for from \$2.50 to \$5 a bushel. Farmers hauling fancy peaches to Benton Harbor got 50 to 75 cents in some cases \$1 a bushel—or hauled them back to rot in the fields.
The average freight and cost of preparing a carload of fruit for transportation to Chicago was given as \$2.50. To this amount must be added \$100 for packages and handling costs which it was said resulted in shippers refusing to load cars under the dueling of the railroads that they must ship at their own risk.
In Northern Illinois and Lower Wisconsin the situation was declared to be much better.

FIRE IN ARENZVILLE DOES MUCH DAMAGE

Englebach Building Burned and Two Other Structures Partially Destroyed Early Thursday Morning — Loss Close to \$2,500.

The Englebach building in Arenzville was completely destroyed by fire at an early hour Thursday morning. At the same time the Barthelme implement store was badly damaged by flames and the W. L. McCarty drug store also suffered to some extent. It is estimated that the loss will be around \$2,500, partially covered by insurance.

The origin of the fire is unknown, but it is known that the flames started in the harness shop of Ben Arenz in the Englebach building. Mr. Arenz was at the shop early in the morning, leaving a little later to get his breakfast.

Upon his return he found the shop on fire.

The fire had gained such headway when discovered that it was impossible to save the Englebach building. The chemical engine and a bucket brigade gave all possible aid in fighting the flames but it was impossible to check them before they had spread to the adjoining buildings.

The damage to the drug store consisted in the main of a large hole in the roof. The implement store was damaged to the extent of about \$300. The Englebach building had a valuation of about \$1,200 and insurance was carried to the amount of \$800.

The buildings damaged yesterday are about three blocks from the scene of the fire of a few weeks ago, when considerable property damage resulted.

WOODSON MINISTER IS BACK FROM VACATION

Rev. A. E. Powell and Family Had Pleasant Visit in East—Other Woodson Notes.

WOODSON, Aug. 31.—Rev. and Mrs. A. E. Powell and son of Woodson returned home yesterday after a vacation of several weeks, most of which was spent in the east. They were in Chicago for a few days en route east, and also stopped there for a few days on their way home. They visited Rochester, New York City, Niagara Falls and various other interesting points.

The only thing which marred the pleasure of their trip was the fact that they were on board the Chicago and Alton train Wednesday night when it came very near being wrecked within a few miles of Bloomington. The heavily loaded passenger train ran into an open switch and when the engineer used the emergency brakes and finally stopped the train, it was within six feet of some cattle cars which were standing on the side track.

News Notes.

Henry Shelton returned Thursday after a visit with his daughter, Mrs. Charles Hauer, in Springfield. Mrs. Hauer underwent an operation there recently and is doing as well as could be expected.

The regular services will be held at the Unity Presbyterian church next Sunday. Rev. A. E. Powell, the pastor, is back from his vacation and will fill the pulpit Sunday morning. In the evening there will be a stereopticon lecture to which all are cordially invited.

Louis Smith of the region of Orleans made a trip to Jacksonville yesterday.

W. H. STEVENSON BACK FROM STAY IN ROME

Gives Interesting Impressions Based Observation During Sixteen Months Work in The International Institute of Agriculture.

W. H. Stevenson, professor of farm crops and soils in the Iowa state university at Ames with his wife is making a short visit at the home of his father, H. S. Stevenson on West College avenue.

Prof. Stevenson has just returned from a stay of sixteen months abroad representing the United States as delegate in the agricultural department of the International Institute of Agriculture at Rome. In this body 63 nationalities are represented and with a corps of a hundred experts are employed in gathering statistics concerning agriculture and food production for the use of the nations of the world.

Another duty is to inspect the conditions of agriculture in all the countries of Europe excepting Russia and Poland, and to disseminate this information to the world. This tends to stabilize markets and keep legitimate dealers posted regarding the food supply and thwarts ruthless profiteers. The grain exchanges of Liverpool, New York and Chicago are cordially in favor of the work of this body and aid it all they can.

The headquarters of the organization are in Rome in a building especially devoted to the purpose and the king of Italy gives from his private means \$50,000 a year to the support of the enterprise. Prof. Stevenson had letters of introduction to prominent men in all lands he visited and had opportunity to inspect closely farming conditions in the various lands he visited. He traveled largely by auto and Mrs. Stevenson accompanied him and as she has a fine command of both French and German he was able to get along well and ascertain the facts he sought.

In the summer the delegates travel more or less and in the winter they meet and discuss the various matters before them, the affair being a general clearing house of all kinds of information pertaining to agriculture and food supply that it may be disseminated throughout the world. The United States keeps a man there all the time to cable or write all possible information regarding the matters mentioned.

For a long time, as every one posted well knows, French has been the diplomatic language of the old world and was the main language here but Prof. Stevenson united with other representatives in a hard fight to have English also recognized as an official language. The French fought this strenuously and some others joined with them but the English prevailed and was used with French at Versailles, Geneva and Genoa.

Conditions in Italy

Prof. Stevenson made a close study of general conditions as he traveled about the lands of Europe and his deductions are valuable. Italy is in bad shape. Her territory is circumscribed and she cannot produce enough food for her people. Her population increases rapidly and since our restricted immigration laws went into effect she lacks an outlet which is satisfactory for her surplus population. She is in debt, changes government often and there is much unrest. The king is an excellent man; popular and deserving but he cannot control the whole situation.

It must be said in fairness that the Fascist group did a good work. It is an organization of young men formed since the world war for the avowed purpose of saving Italy from Russian Bolshevism or communism. In the northern part of the country the communists had taken forcible possession of many factories and were flaunting the red flag when the Fascists marched up, took the property away from the

communists and restored it to its proper owners. Unfortunately the young men failed to control themselves and have mingled in broils with the communists which have sometimes ended fatally. They did a good work but didn't know when to stop or how to control their actions. Business conditions are too bad. Before the world war Germany had penetrated far into the country with her usual thorough business ways, had control of some banks and many lines of trade and when she withdrew the natives were unable to carry on affairs and banks have failed and many unfortunate results have arisen.

In Economic Ruins

Austria and Hungary are economically ruined. Their money is worthless; they can get no loans and are in a deplorable situation. Their only salvation seems to be to unite with some other country and become stabilized. I think some kind of an arrangement with Italy would be well. Germany would like to have them but the allies will never tolerate that Czechoslovakia, which was formerly Bohemia, is now an independent nation with Prague as capital. It is the richest agriculturally and is in a fine economic condition with the best outlook of any land in continental Europe. She serves as a buffer between Germany and the Balkan states and is likely to be left alone. She was the backbone of Austria before the world war.

Germany is in an anomalous condition. Her farmers are seemingly prosperous. They have restored nearly all their production except sugar beets and they are getting back but the trouble is no one is saving anything. They simply can't do it and there is a riot of spending. The money of the country is well worth nothing and will not do at all to lay up so as fast as the farmers get anything over they spend it for it is all they can do. The factories are at work and prosperity is there but it is not real.

Feel Bitter Toward France

Then too, the people all feel bitterly towards France and want nothing so much as to get ready to go to war again and undo their enemy whose fault was that she declined to be wiped off the map by the German army. They hate the army of occupation and all that implies. In fact, they have no idea how to take a deserved defeat with any kind of grace. The socialists are strong and the land is divided in its own midst. There is great hatred between the laboring classes and the wealthy and fears of a revolution are rife. For instance, when I was in Munich I was invited to dine at a gentleman's club. Since the world war the front door to their club rooms had not been open nor the shades removed from the windows. We went in thru a back alley in as secret a manner as possible that there might not be seen any signs of luxury on the part of any one.

France is regaining her former conditions as fast as can be expected and is doing admirably under the circumstances but she is handicapped by her immense army which she feels indispensable and is unable to collect the reparations due her. Consequently conditions are more or less unstable. The people are generally rather well contented and affairs are moving well.

We had a pleasant visit at Chauveau Thierry where Dr. and Mrs. Wadsworth and Miss Yates are located. They are doing a fine work which is mostly social, giving entertainments and in every possible way educating the people and leading them to a better and happier life. They have a nursery for babies, social rooms, reading rooms and other attractions and are visited by a great many.

Russia in Bad Shape

Russia is in a deplorable condition in every way. Even if a wise government were restored to day it would take five years for the unhappy land to get into normal conditions. Her rulers have taken charge and have exploited the land for their own selfish purposes. Thousands are starving and thousands are pitiable refugees in other lands. They promulgated the beautiful theory that all should be held in common; that the peasants should raise enough for themselves and the people of the cities as well but the tillers could see no sense in giving away so much so they raised enough for themselves and the rest are starving. Russia has surely demonstrated the futility of socialism or communism. So we may say that the conference at Genoa was not a total failure for while it did not accomplish the desired end it did show up Russia in her true light and proved that no stable relations can exist between the present government and other nations. Roumania and Bees Arabia are slowly recovering.

England and Scotland are slowly swinging back into pre-war conditions, agriculturally. Many large estates are being broken up and sold to former tenants as taxes are so inordinately high. Crops are generally good and farmers are reasonably prosperous. The unemployment question is a great evil. A dol is handed out to the idle and the workers complain bitterly being obliged to help support the non-workers.

Lloyd George has many enemies. It has been said that when Northcliffe went after a man he got him but Lloyd George was an exception. He has enemies but his opponents have no man anywhere near his equal to pit against him. The British empire is confronted by grave difficulties but good men are at the head and it is to be hoped that she will weather the storm.

The crying evil in Europe today is the fact that the hearts of men

STYLE SHOW CALLED A HUGE SUCCESS

Thousands Enjoyed Special Display and Program Arranged By Merchants—Will Be Repeated Tonight — Seating Capacity More Than Doubled.

The style show at the Morgan County fair grounds Thursday night was certainly a real show. The attendance far exceeded expectations and the only regret of the management was that the grand stand did not provide space for 5,000 instead of 1,000. As it was the great throng surrounded the grand stand and the platform, making the best of a somewhat difficult situation.

For tonight the committee has a definite plan for greatly increasing the seating facilities. The stage will be moved somewhat farther east and hundreds of chairs will be placed in the space between the grand stand and the stage. The persons occupying the chairs will in no way obstruct the vision of those in the grand stand.

C. Justus Wright was the announcer and the program began with a brief address by Mayor Crabtree on "What Is Fashion." Mr. Crabtree spoke in both light and serious vein.

In the program which came afterward models displayed apparel from Shanken's ready-to-wear, H. J. Smith, Millinery; Hopper & Son and Edwin Smart Shoe stores; Myers Bros., and Louis Horen, men's wear.

Intermingled with the display numbers were vaudeville features. Train & Train, King & Swan and Frank Kirk, all with big check experience and training gave acts that thoroughly pleased the tremendous audience. The Woodson band under direction of J. Bart Johnson, gave a concert program and an orchestra furnished special music as the models appeared upon the stage from time to time.

A Big Task.

It was no easy task to arrange the stage and lighting effects in the space fronting the grand stand but this task was successfully accomplished. A part of the wiring and construction work could not be done until after the races were finished and this meant a great deal of rapid work at the final hours before the show opened.

The list of models included: Misses Dorothy Wall, Elizabeth Arnold, Nell Price, Mary Cosgriff, Lucille Mason, Stella Hayes, Hazel Strawn, Grace Tilton, Lucille Mellon, Louise Trahey, Jacksonville; Miss Rose Kohlenbrenner, St. Louis; Mrs. Elise Lloyd, Chicago; Nedra Wright and Leah Shanken, Maxwell Obermeyer, Dixon Benson, Billy Lucas and George Mitchell were models for the children's clothing for Myers Bros.

The committee is under obligation to C. J. Wright, announcer, and the following for special assistance: Hudgin Furniture Co., Col. O. C. Smith of the State School for the Deaf; Management of Illinois College; Stanley H. Wright, Andre & Andre, C. E. Williamson & Son, Mrs. O. E. Tandy and Mrs. Thurman Haskell.

Miss Tull Will Sing.

Miss Beulah Tull had been announced to sing but she was out of the city, a late train making it impossible for her to appear. However, those who attend the show tonight can be assured that Miss Tull will sing.

The committee realizes that a great many persons who did not have tickets found places in the grand stand, and that others who had tickets were unable to gain admission. This situation came about partially in this way: Many persons remained in the grand stand after the races and others took seats there before 8 o'clock. It was a fact that the attendance was larger than the management anticipated and the facilities were not at hand for taking care of such throngs. However, as already indicated, the plans have been outlined for more than doubling the number of seats to-night and arrangements will also be made so that those who do not find seats will still be able to catch a view of the stage.

Many Compliments

While some people were disappointed because of their failure to secure seats, they were all good-natured about it and seemed to sense the situation. Complimentary remarks were heard on every side and the style show was certainly a definite success.

The committee has arranged for a supper to take place immediately after the program tonight, all persons having any part in the entertainment will be invited to be present at this event.

ILLINOIS PLANS TO OBSERVE LABOR DAY

Speech Making and Parades Included in Plans—Has Unusual Significance This Year Officials Say.

Springfield, Ill., Aug. 31.—(By The Associated Press.)—Labor Day to be celebrated throughout Illinois with parades and speech-making on September 4, has this year an unusual significance, according to union officials. "This Labor Day brings with it a greater test of the real worth of men and the organizations that are fighting to retain what there is of civilization in the world and make progress than any that has preceded it," John Walker, president of the Illinois State Federation, said in his Labor Day letter to the Federation.

Samuel Gompers, head of the American Federation of Labor is expected to speak at Carbondale. Gompers told the Carbondale committee that he would speak in Carbondale "if the industrial situation permits."

At Rock Island, Charles J. McGowan, also an official of the Tri-City Federation of Labor will speak. He formerly was president of the Tri-City Federation of Labor and is well known here. It is expected he will have considerable to say on the railroad strike.

A labor pageant will be held at Roodhouse. A chicken dinner served cafeteria style, a dance, a band concert and a ball game are on the program.

Moline will turn out for a community industries picnic. A mystery man contest will be the feature of the day. Who he is, what he does and how he is to be discovered will keep the Moline people guessing. The one discovering him will get a prize.

Urbana and Champaign labor men and their friends will gather at the county fair grounds in Urbana for their celebration. Professional wrestling and boxing matches, athletic events, racing, a vaudeville show and a concert have been planned.

In many other towns of the

state similar celebration will be held.

Mr. Walker will represent the state federation in speeches at Harrisburg and El Dorado, making both towns the same day. The day following Labor Day he will speak at Sandoval.

Picturing "the forces of greed" in "more complete control of the industrial, commercial and financial phases of our life, than ever before," Mr. Walker, in his Labor Day letter, said there was still some room for hope since "the farmer now understands that his interests are allied and interwoven with the interests of all others who render useful services producing the necessities of life for their livelihood."

"The slogan of all real Americans is educate yourselves," he added. "Organize and associate yourselves with each other. Build up your trade unions and farmers organizations. Establish and build up your cooperative movement. Organize and act unitedly in your own interest politically. Establish, build up and maintain a powerful press of your own, that will throw the light of truth on the rotteness, corruption and hopelessness of the reactionaries, that will enable the real producers to defeat them, dethrone these judicial usurpers, traitors to our Republic and to the cause of humanity, reestablish the Declaration of Independence and the Constitution of the United States as the basis and determining influences motivating our government."

HIGH SCHOOL AT ASHLAND OPENS SEPTEMBER 1ST

Expect School Year to be One of Best—Teaching Staff is Announced—Other News Notes of Interest.

Ashland, Aug. 31.—The Ashland Community High school opens Friday morning, Sept. 1, with a full force of teachers and every thing in readiness. The attendance will be the largest in the history of the school, there being over 100 in the high school and over 200 in the grades. The teaching staff for the high school follows: C. M. Spall, Seymour, Ind., Principal; E. S. Rate, Canton, Ohio, Athletics and Physics; Florene Brown, Hayworth, Ill., Latin and Science; Mildred Funk, Winchester, Ill., History and English; Lucille Baker, Mt. Sterling, Ill., Music and English.

We are looking forward to a good year in athletics. We not only have good material in our student body but we have a good coach in Mr. Rate. He has had considerable experience in athletics—football, basketball, basketball and track. He was a member of the Purdue varsity football team three years, winning his letter two years out of three. Other schools interested in football are requested to write us at any time for games.

Pupils living outside the district will be admitted upon receipt of a permit from the County superintendent. Tuition will be approximately the same as last year—being the per capita cost of operating the school. Pupils will have ample time to secure permits after school starts.

Pupils must be present Friday morning at nine o'clock for registration but will be retained only about two hours. School proper will start Monday.

MAY BUY HOSPITAL FOR VETS AT DWIGHT

Illinois Senators Have Made Recommendations for This Action.

BLOOMINGTON, Ill., Aug. 31.—Department Commander William R. McCauley of the American Legion has received information here that U. S. Senators McKinley and McCormick have recommended the purchase by the Veterans' Bureau of the hospital at Dwight, Ill., for which the bureau is now paying rent. The recommendation was made to Col. C. R. Forbes, chief of the Veterans' Bureau, and has the backing of several Illinois post of the Legion.

A report submitted to Senator McCormick from Colonel Forbes' office in response to a request for information as to the status of Illinois hospitals shows but one government institution, located at Maywood, a short distance outside of Chicago. Aside from the Dwight hospital, there are two under government lease at Chicago, one leased at East St. Louis, and another at Centralia, which is now being vacated by order of the Veterans' Bureau.

In the request to Forbes to take steps for government acquisition of the Dwight hospital, McCormick and McKinley have pointed out that the Veterans' Bureau expended \$100,000 to convert the buildings there to their present use and, under the contract with the owner, would be compelled to spend as much more to restore them to their original condition if they were to be given up. The cost of these buildings to the owner at the time of erection was close to \$500,000, says their joint letter to Forbes.

"They can now be purchased for \$300,000. It is possible to increase their capacity to an extent that wounded veterans from all parts of Illinois can be sent there. We heard no objection to such a move from any quarter." Adequate accommodation for 250 beds, the senators declare can easily be provided for at Dwight, with facilities for more dependent only upon the size of the addition to the institution which the government decides to construct.

AGED GREENE COUNTY WOMAN IS BURIED

Mrs. Mary Powell Laid to Rest in White Hall Cemetery — Other News Notes from White Hall and Vicinity.

WHITE HALL, Aug. 31.—Mrs. Mary Powell, aged 81 years, one

of the pioneer women of Greene county, has passed to the great beyond. Funeral services over the remains were held in the Brushy Baptist church, five miles west of White Hall, at 11 o'clock Wednesday, conducted by Rev. John Alexander, and the remains were interred in the White Hall cemetery. She had given the greater part of her social and religious activity in connection with this church. Her husband,

the late Hiram Powell, died many years ago, and she has since made her home among her children, having resided in the Hillview neighborhood for over forty years. She resided with her son, George at the time of her death. For the past four years or more she had been in feeble health. Two weeks before her death at 6 a. m. Monday she suffered a fall that resulted in fracturing her hip, and this hastened the

end. There are two more sons, Hiram of Hillview and Henry of Hillsboro.

L. D. Cooper, passenger representative of the C. & A. at Kansas City, has terminated a visit with J. L. Doyle and family, having arrived on the last train from Kansas City when traffic was forcibly suspended on his road, and his stay was necessarily extended over a greater period than he anticipated.

Miss Mildred Morrow has returned from Chicago where she spent the month just closing in preparing herself to take charge of the new pipe organ that is soon to be installed in Princess theatre on an elaborate scale. Manager Lyman stated today that the improvement work would begin the middle of September, and that the improvements would total \$10,000. The pipe organ is to be the most elaborate affair of the kind in this section of the country.

Mrs. Laura Pritchett has returned from an extended visit with her sister, Mrs. A. E. Meisbach, in St. Louis. She has decided to devote the fall and winter months to piano instructions, and is organizing a class in addition to her orchestral and choral connections.

Road Tax Levy Fixed.

The board of town audits of White Hall township this week fixed the annual road tax levy at 66c. The law limits the levy at 50c, but a special levy of 16c was added for road oiling purposes. A proposition at the last township election for a special tax road oiling purpose outside the city limits and within the township was defeated, and the town board proceeded to levy a special tax to meet the situation, as it was outlined in this department they would do at the time of the defeat of the oiling proposition. At that time there was a feeling of retaliation in the city because of the rural vote defeating the community high school proposition, but this animosity is no longer lingering in the minds of the people except as it might be referred to as a matter in which both sides have had their inning to the satisfaction of all concerned with the result that there is a most splendid feeling between town and country to the advantage of all.

Next Saturday the township officials will sit as a board of appointment to select a town clerk in place of Frank Greer, who resigned to accept the principalship of the Kampsville school, to which place he is moving his family this week. Next Tuesday the board of audits will review the financial transactions of the township.

HOME FROM THE WEST.

Mrs. Jack Leach of Woodson has returned from a very enjoyable trip to Colorado and other western points. At Pueblo she had a pleasant visit with Mr. and Mrs. Louis VanArsdale and two children. Mr. VanArsdale seems to have recovered largely from the terrible flood and is apparently prosperous.

There she also visited Leslie VanArsdale and wife. She had a very pleasant outing at Rye, in the mountain cottage of her sister, who was formerly Bessie VanArsdale, and now Mrs. Dr. Singer. The doctor owns four cottages in this resort. She also visited in Colorado Springs. In Denver she enjoyed a pleasant stay in the family of Thomas Cain, who lives there and is doing well.

Mrs. Leach returns much rested and improved by her trip.

All Union markets will be closed all day Monday, Labor Day.

GEORGE L. RIGGS, County Clerk.

Hugh P. Green, Solicitor for Petitioner.

SAID IT CAN'T BE DONE.

"My experience with doctors and medicines caused me to lose faith in both and when a friend told me that Mayr's Wonderful Remedy would cure my stomach trouble I told him it can't be done. However, he finally persuaded me to try it and to my surprise it did. All symptoms of acid indigestion and gas having disappeared. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

Woman's Ills Make Unhappy Home.

There is no question but what the ills of women conspire against domestic harmony. The husband cannot understand these troubles and the physician finds it hard to cure them; therefore the overworked wife and mother continues to drag around day in and day out with headaches and backache, fretful and nervous.

Such women should be guided by the experience of women whose letters we are continually publishing in this paper. Many of them declare that they have been restored to health, strength and consequent happiness by Lydia Pinkham's Vegetable Compound after doctors and all other medicines had failed to help them. It will surely pay women who suffer from such ailments to try it.—Adv.

Sale Ends Tomorrow!

\$1 for your old pen or pencil (any make)

Final Wind-up!

Your Last Chance to Get the Parker at \$1 Below Standard Price

If You Turn in an Old Pen or Pencil

Tomorrow ends a sale that has made fountain pen history. Tomorrow for the last time you can pick out any plain, chased or gold mounted Parker "Lucky Curve" Pen at \$2.50 or up, and turn in an old pen or pencil for \$1.00 toward the purchase.

The Parker Pen Co. limited this sale to 7 days. When more pens arrive the sale will be over and the standard prices will again prevail here as elsewhere throughout the United States.

Come look at the prices plainly printed on each price band and see for yourself that your old pen or pencil is as good as \$1.00 cash tomorrow toward any pen in this sale.

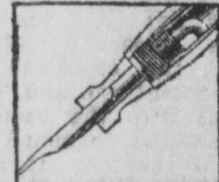

Sale Terms Are:

- 1—\$1.00 allowance for your old fountain pen or metal pencil toward the purchase of any Parker Pen in stock at \$2.50 or better.
- 2—All pens in this sale are brand new in first class condition.
- 3—FREE Signed Accident Policy goes with every pen insuring it for one year against breakage, damage or unsatisfactory service in any way!

May Not Last Till Closing Time

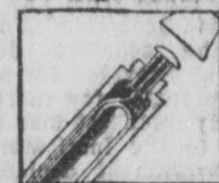

The remaining pens are fairly well assorted—but only a few—a very few remain. The earlier you come the more certain you are of obtaining exactly the point and style you want.

"Lucky Curve"

Parker Pens rank high—most because of the 'Lucky Curve' fountain pen makers were baffled for years by the 'sweating' of pens. Not till Geo. S. Parker employed the scientific principle of capillary attraction by inventing the 'Lucky Curve' was the problem solved.

Filling Device

"Lucky Curve" is a Parker patent; no other pen has it. No other is a 3-way filler—both a 3-way filler and a 3-way filling pen in one. No other is "Safety Sealed." Parker pens are made with jeweler's precision and finish—there is nothing else.

THOUSANDS SEE RACES AT FAIR YESTERDAY

RACE PROGRAM TODAY

Probable starters in the events today are:

2:20 Pace—Miss Dillon, Johnnie Todd, Constant Dillon, Clara Todd, Lopy Forbes, Baron Winters, Jess Willard, More, Coody.

2:22 Trot—Prince Morono, Charlie Valentine, Treiston, Sylvia Bell, Lucile B., Mord Wallie.

Half Mile Pace—Illinois Joe, Lena Lu, Johnnie Todd, Jewell H., Betty Jane, Little Tanner.

Special—To beat 2:30 Trotting—Treiston, bay stallion, by Tregantle.

Half Mile Pony Race.

Fully ten thousand people attended the Morgan county fair Thursday. It was Jacksonville day and Jacksonville citizens have reason to be proud of the showing made. If anybody missed going it must have been because of sickness or being out of the city.

The day was ideal for racing and an excellent card was raced. While all of the races proved exciting and were close contests, the green pace proved to be the best as well as the most popular event run.

Illinois Joe won the first two heats and was a popular favorite with the crowd. To show that fortune is fickle, however, he made a break and finished sixth in the third heat. Maplene winning the heat. Maplene also won the fourth heat and the crowd transferred its affections to the mare which also won the last heat and the race.

Sylvia Bell won the 2:17 trot after a bitter fight with Leon DeForrest, a driving finish in the stretch marking the close of each heat.

The 2:14 pace while it had but three starters was a horse race every heat. Red B. had the

Cobb on Harry Wolf third and Drury on Dolly fourth. On the first turn Drury's saddle turned under him and he got his feet out of the stirrups and unbuckled the saddle and came on and finished the race. Time 56.

In the pony race Russell Riggs on Chief won; time 1 minute, 2.17 Trot.

The first race on the card was the 2:17 trot with the following starters: Constant Dillon at the pole, Sylvia Bell in the place, Sterling Dillon third and Leon DeForrest on the outside. They got the word the sixth time down. Constant Talmadge and Sterling Dillon made bad breaks and were out of it. Sylvia Bell took the lead and was never headed winning easily with Leon DeForrest second. Sterling Dillon third and Constant Talmadge fourth. Time 2:21 1-4.

In the second heat they got the word the first time down. Leon DeForrest took the lead and stepped the half in 1.12. He was never headed and won pulled up with Sylvia Bell second. Sterling Dillon third and Constant Talmadge fourth. Time 2:22 1-4.

They scored a lot before getting the word in the third heat. Leon DeForrest made a break at the first turn and Sylvia Bell took the lead. They were racing together at the half but DeForrest made another break on the turn and again fell back. However, Creasy brought DeForrest fast but in a driving finish was beaten by a length. Sterling Dillon was third and Constant Talmadge fourth. Time 2:21 1-4.

It took a long time to get them away in the fourth heat, Sylvia Bell and Leon DeForrest both being unsteady. When they got the word Sylvia Bell was in the lead. Leon DeForrest made a break at the turn but settled and came fast and was at Sylvia Bell wheel at the half. But Leon DeForrest was unsteady and the Creasy made a hard drive in the stretch. Sylvia Bell won by a length. Sterling Dillon was third and Constant Talmadge fourth. Time 2:21 1-4.

In the draw for positions Miss Bergen drew the pole, Red B second, Clara Todd on the outside. Jess Willard, Constant Dillon and Lopy Forbes were drawn.

It took several starts to get them away. Clara Todd took the pole and held it closely pressed by Red B. After they rounded the turn in the home stretch both drivers staged a whipping finish. Red B carried Clara Todd off her feet one hundred feet from the wire and won by two lengths Miss Bergen was third. The time was 2:14 1-4.

When they scored for the first heat Lena Lou was at the pole, Juel H. in the place, Little Tanner third, Illinois Joe fourth. Maplene fifth and Betty Jane sixth.

After a lot of scoring they got away to a good start. At the quarter Purvines with Illinois Joe moved up and took the lead and finished in front with Lena Lou second, Maplene third, Juel H fourth, Little Tanner fifth and Betty Jane sixth. Time 1:09.

In the second heat the word was given the fourth time down. Lena Lou took the lead but in the back stretch Illinois Joe moved up and took the lead with Maplene at his wheel. They had a great race to the wire, Illinois Joe winning by a nose. Lena Lou was third, Juel H fourth, Little Tanner fifth, Betty Jane sixth. Time 1:07.

After getting the word Illinois Joe and Maplene raced like a team to the quarter where Illinois Joe was carried to a break and never settled, finishing last. Maplene won, Lena Lou second, Little Tanner third, Betty Jane fourth, Juel H fifth. Time 1:07.

The got the word the second time down. Dennis with Maplene stepped out and was never headed winning easily with Lena Lou second, Illinois Joe third, Betty Jane third, Little Tanner fifth, Juel H sixth. Time 1:09.

In the last and deciding heat the horses received the word the fourth time down. They raced on even terms down the back stretch. But Illinois Joe went to a break on the upper turn and Maplene came on and won easily in 1:09.

RESULTS IN GOLF TOURNEY THURSDAY

Dope Is Upset in Several Instances—Play for Today—Keywood Sets New Record

There were some upsets in the play for the city golf title on the Nichols park links Thursday. One of the surprises was the overwhelming defeat of Alves by McGinnis.

Alves has been going good and playing excellent golf. However, he was eliminated Thursday, 6-5. McGinnis played the first nine holes in 37.

In the other matches C. J. Wright defeated Warfield Brown 4-3. Masters defeated R. M. Capps 5-3.

In the consolation flight Singley won from Rantz, F. E. Farrell won from W. W. Wright, A. T. Capps Jr., won from Berryman, and Wood Phillips won from Ed Tomlinson.

In the championship flight the following games are scheduled for today. The winner J. etain on today. Mitchell vs. C. J. Wright, Flood vs. Gregory. The winner of the Mitchell-C. J. Wright match will play McGinnis and the winner of the Flood-Gregory match will play Masters.

One noticeable feature about the play in this tournament is the improved form shown by the players. In last year's tourney it took 98 to qualify while this year it took 87. This improvement is due to the excellent instruction of Jack Keywood, professional of the local links.

Keywood also shot some great golf last Sunday. In the morning he played a round in 69 and in the afternoon in 68. This sets a new record for the course, which also was held by Mr. Keywood.

BEAT NOTRE DAME NEBRASKA SLOGAN

Cornhuskers Will Be Pointed for Fray With Indiana Eleven—Team Has Big Schedule.

Lincoln, Neb., Aug. 31.—(By The Associated Press).—"Beat Notre Dame," apparently is to be the motto which the Nebraska Cornhuskers on the gridiron and on the campus are to adopt with the start of the 1922 football practice, September 15. While the entire schedule consists of hard games, the Cornhuskers seem about to go the limit to garner revenge for the defeats which Notre Dame has handed them in recent years. In seven contests, four have gone to Notre Dame while two have remained with the Huskers. The other was a tie.

The Cornhuskers will open their football schedule at Lincoln October 7, in a contest with the University of South Dakota. Two weeks later they will tackle Missouri on the home grounds, Missouri and Nebraska always fight hard and the Huskers probably will get their first real test in this battle.

The following Saturday, October 28, the Cornhuskers go to Norman, to tackle the Sooners. Oklahoma is expected to develop a better gridiron machine than ever this year and Nebraska anticipates a close game.

On November 4 the Cornhuskers play Syracuse University at Syracuse, N. Y. The eastern school and the Huskers stand on even terms with a record of one victory each.

With Kansas always ready to sacrifice almost everything to defeat Nebraska, the Cornhuskers will have a lot of their hands when they meet the Jayhawkers at Lawrence on Armistice Day.

As the homecoming day attraction, the Kansas Aggies will meet the Cornhuskers here November 18. The Aggies are said to have one of their strongest aggregations in sight for this fall.

Iowa State or Ames comes to Lincoln November 25. Nebraska holds a decided advantage in the number of victories. The battle of the year with Notre Dame comes on Thanksgiving Day, November 30. Nebraska already is planning to gain revenge for the 7 to 0 defeat they received last year. Notre Dame is out to repeat the victory.

BURNS' HOME RUN WON FOR BOSTON.

WHITE SOX POUND DETROIT PITCHERS

Get Twenty One Hits and Defeat Tigers 10 to 1—Get Seven Hits, One Homer By Schalk In Fifth for Four Runs.

Detroit, Mich., Aug. 31.—Chicago pounded three Detroit pitchers for 21 hits today and took the third straight game from the Tigers 10 to 1. The White Sox collected seven hits, one of them a home run by Schalk in the fifth inning. Bob Fothergill recalled from Rochester appeared in right field for the Tigers today.

EDDIE HELD WINS PUBLIC GOLF TITLE

TOLEDO, Aug. 31.—Eddie Held, little nineteen year old former caddy at the Forest Park course in St. Louis and not much taller than the driver with which he sends the ball an average of 275 yards straight down the fairway, today became the public links golf champion of the United States by defeating Richard Walsh, of New York, 6-5, in the first United States Golf association tournament for players not members of private clubs.

The victory which brought Eddie his first out-of-town title, a gold medal and possession of the James D. Standish Jr. cup, was obtained thru one of the prettiest exhibitions of shooting in any tournament this year.

Mr. Standish in presenting the cup for the United States Golf association told Held that his game today would have beaten anyone in the world, not even excepting Walter Hagen and Cene Sarazen.

J. H. Lovekamp of Arenzville arrived in the city yesterday.

DR. SPERRY'S HORSE RACES THIS AFTERNOON

Much interest is being shown in the 2.20 pace set for this afternoon on account of Dr. J. W. Sperry's horse More, being one of the entries. More is considered by many horse followers as the best horse in Morgan county. He is said to be in good condition and spectators will be pulling for him to win this afternoon.

MAKE EXPERIMENTS IN COAL BURNING

Prof. S. W. Parr, Formerly of
This City, Announces Important
Discovery—Will Mean Fuel
Economics.

There is a great deal of interest in the announcement recently made that experiments which have been in progress at the University of Illinois are almost certain to result in important contributions to the efficiency of the coal mining industry. Professor S. W. Parr of the university, who for a number of years was a resident of Jacksonville, as a member of the faculty of Illinois College, has for long period of years been working on the carbonization of coal and has recently perfected a coking process which it is believed will eventually result in a vast amount of fuel saving. The announcement from the university included the following statement:

Illinois, in spite of its reputation as an agricultural state, ranks third in the United States in the production of coal, and has more unmined deposits, than any other state in the Union, according to authorities.

As the production is increased each year various problems arise in the mining, handling, utilization and preparation of Illinois coal. While the university and Bureau of Mines have worked on these problems the geological survey has studied the composition of the coal found thruout the state.

One of the most striking problems in the usage of raw Illinois coal is the making of a smokeless fuel for domestic purposes. Coke as manufactured by the prevailing process, is used largely in the manufacture of iron and steel and is shipped halfway across the continent when Illinois is underlaid with coal deposits.

Professor S. W. Parr, assisted by Professor E. E. Layne, of the University of Illinois, has been working for twenty years on the carbonization of coal, and has recently perfected a process for coking Illinois coal. This product has no smoke, is more economical than coke, can be used for domestic purposes, and saves the by-products—high gas, tar oils, and ammonium sulphate (used for fertilizer). These by-products are worth more than the original cost of the coal. The coking process loses half the tar oils and destroys much of the fuel value of the gas.

As 80,000 men are working underground all day the ventilation of mines is receiving continued attention. Tests were made to discover the amount of moisture present in the air and the air currents were regulated so that there would be the same amount of moisture present in both summer and winter. At present, means are studied by which more air can be produced with less power.

The amount, distribution, and cost of power, steam or electricity that is used is being studied with a view to lessening the cost and getting as much use as possible from the power.

The university has experimented in the best ways to store it and the kind of coal that stores best. It has put out standards for the practice of storing coal, which have been published in bulletin form. Experiments are being conducted to find the exact ignition point.

A comprehensive study of the surface conditions caused by the removal of coal is also being carried on. Washing coal by air or water is highly developed in Illinois, as it produces more washed coal for domestic use than any other state, but experiments are being made for improvements in its present methods.

The university and Bureau of Mines perform experiments along the same lines, but by having con-

THE NUT BROTHERS (CHES & WAL)

I DON'T SEE WHY YOU WORRY
SO ABOUT YOUR SHOE RE-
PAIR SHOP GOING BROKE

ferences often they avoid doing the same experiments. Bulletins, published after the experiments are finished, are available to any who are interested. When problems arise the investigations are made in mines thruout the state where conditions are best for studying those particular problems.

Both Quality and Price Are Combined in These Special Mattresses

Cheap cotton and combination mattresses don't pay. They settle down, sag and become lumpy and uncomfortable. This mattress is of cotton felt, in layers, it cannot lump and an occasional sun bath keeps it soft and comfortable. It is the same quality that you are asked \$15 for today. Price \$11.50

We are making a special offer on only six of these layer felt mattresses at a saving to you of over \$3. Remember there are only six to sell. See them early and compare with regular \$15. goods. You get a good mattress at the price of a cheap one. Cotton is advancing in price and mattresses are also.

A dandy medium size new oak buffet, excellent finish and extraordinary workmanship, French bevel mirror. Compare this with regular \$30 buffets. Our price this week is \$21.00

PRICE OF WHEAT

DROPS AT CLOSE
By Associated Press.

CHICAGO, Aug. 31.—Wheat
values held within relatively nar-
row limits early but toward the
close end of the month liquida-
tion in the September delivery
carried all deliveries down grade.
September breaking below a dol-
lar for the first time in a num-
ber of days. The finish showed a
net loss of 4 to 1 1/2c with Sept.
99 1/2 to 99 3/4c and Dec. \$1.01 to
\$1.01 1/2. Corn was 1/2c off to 1/2c,
oats were down 1c and provisions
1 1/2c higher.

Fluctuations were rapid in
wheat. The deferred deliveries
showed considerable resistance to
selling pressure and there was
rather persistent buying on the
decline. Heavy selling of Chic-
ago December against purchases of
Winnipeg December in the way of
back spreading took place. Liver-
pool showed considerable strength
and closed higher in face of re-
ports of an indifferent demand
from Germany. Northwest re-
ceipts showed an increase while
in the winter wheat section, the
movement is only fair because of
the scarcity of cars.

While scattered liquidation in
September corn was the rule most
of the day the undertone of the
market was firm with the deferred
deliveries averaging higher. Part
of the long September sold out
was replaced by purchases of the
new crop futures. No deliveries
of wheat or corn of consequence
are expected on September con-
tracts tomorrow.

Oats held within narrow limits
with persistent buying of Sep-
tember and selling of December
by commission houses.
Provisions were dull.

CASH GRAIN

REPORT
By Associated Press.

CHICAGO, Aug. 31.—Cash
wheat closed unchanged to 1/2c
higher here today and continued
in good demand. Premiums were
strong with millers after the
red wheat which was scarce and
very little coming to this market.
The bulk of the receipts were
taken mostly by Buffalo mills.
Shipping sales were 275,000 bu-
shels including 230,000 bushels to
exporters.

Cash corn was unchanged to 1/2c
higher in a good demand with
premiums firmer. Shipping sales
here today were reported 400,000
bushels including 350,000 bushels
to exporters.

Cash oats and trading basis
were steady. Shipping sales here
were 138,000 bushels including
75,000 bushels to exporters.

Car lot receipts: Wheat, 130;
Corn, 406; Oats, 82.

The Relief for Eyestrain

Unfortunately many people in Jacksonville are handicapped by imperfectly formed eyes. Farsighted, nearsighted and astigmatic eyes are all too common. Each of these conditions indicates a need for lenses that will enable the eyes to perform their duty in a normal, healthy manner—without strain or discomfort. The only correct remedy for imperfect eyes is properly prescribed glasses—the kind we fit and guarantee.
